

Why RGP Resources Inc. is Your Trusted Partner in Connecting with Filipino Talent

In today's competitive business landscape, finding the right people for the right roles is more important than ever. For employers, the Philippines has become one of the most respected sources of skilled, hardworking, and service-oriented professionals—especially in hospitality, customer service, and technical trades.

At **RGP Resources Inc.**, we are proud to serve as an international liaison partner for an authorized and licensed recruitment agency in the Philippines, duly recognized by the Department of Migrant Workers (DMW). This partnership is built on trust, compliance, and a shared commitment to ethical recruitment.

1. Backed by Official Government Recognition

Our partner agency in Manila holds a valid DMW license, meaning every overseas recruitment process follows the strict standards set by the Philippine government. This ensures all placements are legal, transparent, and compliant with international labor laws.

2. Ethical Recruitment Practices

We believe that recruitment should never come at the expense of a worker's dignity, rights, or safety. As a liaison, we only connect employers with workers through processes that:

- Protect Overseas Filipino Workers (OFWs) from exploitation
- Ensure no illegal fees are charged to workers
- Follow the employment regulations of the Philippines and the host countries where workers are deployed

3. Expertise in Employer Outreach

RGP Resources Inc. specializes in scouting and engaging reputable employers. We take the time to understand each employer's workforce needs, then match them with Filipino candidates who have the skills, experience, and work ethic to succeed.

4. Commitment to Worker Welfare

Our role goes beyond connecting employers and workers. We work to ensure that every OFW recruited through our network has fair employment terms, a safe working environment, and the opportunity to thrive in their new role.

5. Community-Focused, Relationship-Driven

At RGP Resources Inc., we believe in building long-term partnerships—not just completing transactions. We value relationships with both employers and workers, ensuring that every connection benefits all parties.

6. Transparent and Collaborative Approach

As a liaison partner, we do not replace the role of the authorized recruitment agency. Instead, we work side-by-side with them, ensuring a smooth flow of communication, proper documentation, and complete compliance at every step.

In short: Partnering with RGP Resources Inc. means working with a team that respects the law, values people, and is dedicated to connecting businesses with skilled Filipino talent through a legal, ethical, and mutually beneficial process.
